

As we approach the end of this academic year, we start to look to September and the arrangements that will be in place.

We are very pleased to share information about the classes that Teachers and TAs will be working in as we know that children benefit from having this information early, and it helps us to plan transition activities so relationships can start to be built. I have included photos again this year, as we sometimes know a face but not a name! During this term, the children will have numerous opportunities to meet their new teachers and spend some time with them. It is a great time to ask lots of questions and start to get familiar with their new year group. We do, of course, have a much wider staff, so please feel free to see us all on our website.

As we continually strive to improve support and strengthen the impact of interventions, we have decided to make a slight change to our afternoons. TAs will be class based in the mornings, however, in the afternoons they will be delivering guided reading sessions, taking intervention groups or providing individualised support programs. Our HLTAs will primarily be carrying out PPA cover, but will also support classes and groups too.

We will continue to benefit from our School Counsellor, Oeda, each week. She has been such a brilliant addition to our team, and added such value to us all.

If you have any questions or concerns, please do not hesitate to contact me.
